Job Description

At Anthony Furlano Construction Inc. our core principles are based on strong work ethic, high standard of quality, and workplace safety. We take pride in creating outdoor spaces. Our team provides the services required for the construction of parks, playgrounds, trails, urban landscapes, Fencing, retaining walls, and commercial developments. We are looking for highly motivated individuals who share our values and would like to grow with our team.

We are pleased to accept applications from underrepresented groups and encourage applications from Indigenous persons, youth, new immigrants, and persons with disabilities.

What we offer:

- 4 vacancies
- \$30.00 per hour.
- 40-50 hours per week.
- Workplace safety insurance.
- Benefits including extended health care, vision care, and dental care.
- Opportunities to grow and advance within the company.
- Full time position with year-round employment.

Job Responsibilities:

Chain link installation, Wood fence installation, Baseball diamonds fence installation, Retaining walls:

- Dig and set posts (line posts, terminal posts, gate posts) in concrete and ensure proper alignment.
- Install top rails, bottom wires, and tension bands.
- Stretch and secure chain link mesh to proper tension.
- Install gates, hinges, latches, and hardware.
- Ensure fence height, alignment, and finish meet project specifications.
- Install horizontal rails and supports.
- Cut, fit, and install fence boards (privacy, board-on-board, etc.)
- Build and install wood gates, including framing and hardware.
- Apply finishes to fences if required.
- Install backstops, dugouts, and fencing around the diamond.
- Install geotextile fabric for retaining wall if required.
- Place and level of wall blocks.
- Safely handle concrete, aggregates, and construction materials.
- Lift, carry and move heavy materials (pavers, blocks, posts, fencing, aggregates, lumber)
- Installation of softscape features such as planting, sod, and seed.
- Address deficiencies.
- Clean work area and remove excess materials.
- Verify locates of underground utilities before excavation.
- Follow instructions from site supervisor and assist in completing various administrative duties as required.

Job Requirements:

- Maintain and inspect tools and equipment daily.
- Follow all health & safety regulations, company policies, and procedures; actively participate in the company health and safety program.
- Always use proper PPE (hard hat, safety vest, gloves, safety boots, eye protection)
- Report hazards, incidents, and near misses immediately.
- Minimum 2 years of experience.
- No minimum education requirement.
- Ability to work effectively in a team environment.
- Ability to perform repetitive bending, lifting, and shovelling.
- Ability to lift and carry materials up to 75lbs, team lifting for anything heavier.
- Ability to stand, kneel, and crouch for extended periods.
- Comfortable working outdoors in various weather and site conditions.
- Experience operating power tools.
- Knowledge of equipment such as excavators and skid steer is considered an asset.
- Knowledge of excavation and aggregate base preparation techniques is considered an asset.
- Valid driver's license with a clean driving record required.
- Reliable transportation to and from work required.
- Completion of a Landscape Technician program considered an asset but not required.
- Demonstrate reliability, honesty, strong work ethic, attention to detail, and professionalism; represent the company in a positive manner.
