Job Description

Job Description

We are seeking a skilled and reliable Drywall Installer to join our team on a full-time, permanent basis. The successful candidate will be responsible for measuring, cutting, fitting, installing, and finishing drywall sheets in residential and/or

commercial construction projects. The position requires attention to detail, physical stamina, and the ability to work safely and efficiently at job sites.

Job Duties

Cut and install metal corner beads to protect exterior corners

Fill joints, nail indentations, holes and cracks with joint compound using trowel and broad knife

Measure, cut, fit and install drywall sheets

Position and secure sheets to metal or wooden studs or joists

Smooth out excess compound and allow coat to dry

Tape over joints using taping machine and embed tape in compound
