## Job Description

The Framing Foreman/Woman leads framing crews and oversees day-to-day work on residential and commercial construction projects.

Duties:
- Supervise workers and oversee assigned projects.
- Coordinate crew activities, set work schedules and establish procedures to keep projects on schedule.
- Prepare production reports and other project records.
- Resolve job site problems, provide technical guidance and recommend ways to improve productivity and workmanship.
- Ensure crews follow workplace health and safety regulations.
- Request materials and supplies needed for the work.

Qualifications and work conditions:

- Secondary (high) school graduation certificate.
- At least 1 year and less than 2 years of experience.
- Ability to work in English and under pressure.
- Attention to detail, initiative, dependability, reliability and strong organizational skills.
- Ability to work well with a team, focus on client needs and demonstrate professional ethics.
